MODULE 4

Day 8– Task 14: Making a Bridal Bouquet

Tools and Materials Required:

Tools: Glue Gun/Glue Stick

Materials: 8” Styrofoam ball
9” piece of pvc pipe $\frac{3}{4}$ “
Flowers/lace/accessories

Lesson: Bridal Bouquets History:

The practice of brides carrying bouquets dates to ancient times. The Greeks and Romans, even Egyptians, carried fragrant herbs and spices to ward off bad luck during weddings. Flowers symbolize a new beginning and brings hopes of fertility, happiness, and fidelity. As times progressed brides used flowers to communicate their romantic sentiments through their specific floral choices, that practice has faded a bit, with modern couples choosing their flowers based more on beauty and colour.

Preparation of Work Space -Always ensure work area is clean, and only equipment and materials to be used should be on the table/counter.

Instructions

1. Cut your 8" Styrofoam ball in half.
