

Biography

Annette Savary, mother and homemaker. I am a retired Dean and Business Studies Teacher at the secondary school level, and one of the Trinidad & Tobago Unified Teachers Association (TTUTA)'S "Heroes".

I am the holder of post graduate qualifications in Management and Leadership in Education, a Bachelor of Science in Education, Guidance and Counselling and have successfully completed our local Technical, Vocational & Education Teacher (TVET) Training.

Some of my formal skills' training were completed and acquired via the Ministry of Community Development's Candles and Soap Making courses, in addition to PVC Furniture Manufacturing, Jewellery Craft and Chinese Cooking.

I am an active member of two community based voluntary organisations where our main goals involve community outreach and assistance to the socially disadvantaged and vulnerable.

I am guided by the tenet that, "the Past is an important part of Today's actions and Tomorrow's plans" – 2 Kings: 18 and believe that service to others helps to develop communities, thereby uplifting our Nation.
